

**AUTHOR INDEX
TO
TAGA PROCEEDINGS**

1949–2023

Explanation of TAGA Coding System: In the keyword index, each entry under the keyword consists of the letter “T” (standing for *TAGA Proceedings*) followed by six digits. Take the first entry under the author “Adams, D N” as an example: T500025. The first two digits, “50,” indicate the year of publication; in this example, “1950.” The final four digits, “0025,” indicate the page on which the technical paper starts; in this example, page 25.
